

INFORMATION FOR COLORADO PRESCRIBERS OF PRESCRIPTION DRUGS

VOWST® (fecal microbiota spores, live-brpk)

Colorado law requires manufacturers to provide the names of up to three (3) available generic prescription drugs from the same “therapeutic class” as the Marketed Product(s). “Therapeutic class” is defined under Colorado law as “a group of similar drugs that have the same or similar mechanisms of action and are used to treat a specific condition.”

The prices listed below are the Wholesale Acquisition Cost (“WAC”) made available to the public by a third-party publisher. The price paid by consumers may be higher or lower than the prices listed below. Information about the WAC for this drug is being provided to Colorado prescribers pursuant to Colorado law, to give prescribers drug cost information about Nestlé Health Science’s marketed pharmaceutical products and the names of certain available generic drugs in the same therapeutic class.

Marketed Product*:

PRODUCT DESCRIPTION	WAC	Package Size
VOWST	\$18,550	12 capsules in 1 bottle

Generic Drugs**:

There are no generic drugs or biosimilars to the above Marketed Product

*This information is being provided pursuant to Colo. Rev. Stat. § 12-280-308. The information is accurate as of April 3, 2024. For the most current WAC price, please visit www.vowst.com/WACdisclosure. The prices listed are WAC prices, which represent Aimmune’s published list prices for the products sold to wholesalers, before any discount, rebate, or other price reduction. The WAC prices listed may differ significantly from actual prices paid by customers and consumers. Check with your patient’s prescription drug insurance plan to determine your patient’s out-of-pocket costs. Patients may check with their health insurance company or pharmacy to understand their out-of-pocket costs associated with the Nestlé Health Science Marketed Product listed in this Disclosure.

**This list does not imply that the Generic Drug(s) listed are interchangeable or have the same efficacy or safety as the Aimmune Marketed Product, and no comparisons should be made. Please refer to each product’s U.S. Food and Drug Administration (FDA)-approved labeling and indication for further information.
